**Let's
Learn
Khmer**
MONDAYS

Make the most of living in Cambodia by helping your child to learn the local language, Khmer, in a fun and informal environment. Children will learn useful, everyday Khmer language and expressions through songs, games and activities. Parents and/or nannies are encouraged to attend to support the child's learning of Khmer outside the classroom. This class will be led by teacher Kunthea. She is a certified teacher and has more than 15 years experience in teaching young children.

Children will prepare and cook savory and sweet dishes from recipes, with an emphasis on making healthy food choices. And of course they will taste what they cook!

Chef Clara will be guiding the children in fun and delicious sessions. Clara Lachet is a food enthusiast and teacher at Gecko Garden Preschool.

All Ball**
FRIDAYS

Designed for active children who like to move, jump, play with balls and learn new activities including sports. The class will give children an opportunity to learn and practice a variety of basic physical education skills (like catching, throwing, running and kicking) as well as gymnastic skills (like balancing and flexibility), and apply them to activities and sports. This Class will be led by Coach Andy. Coach Andy comes from England and brings with him over 25 years of experience working with children from all over the world. He started back in the UK by starting one of the now largest youth clubs in South East England, before moving into academies and working with clubs like Crystal Palace and Brighton youth Academies. 3 years ago he created 1CoachAndy Sports Academy, working with many top schools around Phnom Penh, providing organised, developmental, and fun filled sessions in a safe environment, where your child is encouraged and nurtured to fulfil their full potential.
